SUMMARY

IInformation Systems student at Universitas Brawijaya (Semester 5, GPA 3.86/4.00) with academic knowledge in database management, data analytics, information systems analysis, data security, and IT risk management. Experienced in conducting user research, usability testing, and developing digital product concepts, as well as managing financial records and administrative responsibilities in student organizations. Strong interest in combining analytical thinking, problem-solving, and technology to support effective processes and meaningful digital solutions.

EDUCATION

Universitas Brawijaya **2024 – Present**

Undergraduate student Information Systems

Faculty of Computer Science

Relevant coursework: Data Security & Privacy; Database Design & SQL; Business Intelligence & Analytics; Big Data & Analytics; IS Risk Management & Control; Introduction to Data Science

SMAN 46 Jakarta **2021 – 2024**

Natural Science Program

PROJECTS

BinGo: Smart Waste Management Platform (prototype)

Techcomfest 2026 UI/UX Design Competition

- Designed a waste-management app prototype in Figma, with AI Scan for waste identification, Recycle Map for recycling and pickup locations, and BinPoin rewards, working in a team of 3 using a design thinking process.

Magangin: Internship Aggregator App (prototype)

UI/UX Designer & Researcher

- Conducted user research and designed the information architecture, vacancy filtering and comparison flows, and application-tracking dashboard.
- Validated the prototype in Maze usability testing with 5 participants: 4.3/5 average usability score and 100% success on core workflows.

UnBoxed: Food Surplus Marketplace (prototype)

UI/UX Designer

- Designed a hyperlocal marketplace prototype connecting students with F&B businesses selling discounted surplus “mystery boxes,” including the purchase and checkout flow.

UB Access: Campus Accessibility App (prototype)

UI/UX Designer

- Designed accessible route mapping, crowdsourced barrier alerts, and emergency support for students with disabilities. Built personas, user flows, and design system, and tested the interface in Maze.

EXPERIENCE

DevGirls FILKOM **April 2026 – Present**

Research and Development Division | UI/UX Designer

- Design user interfaces and experiences for digital products, with attention to usability and visual consistency.
- Project Officer, “Upgrading DevGirls 2026: The Strategic Analyst Toolkit” (Aug – Sep 2026): Managed planning and timeline for an internal workshop on strategic business analysis for 40 DevGirls members; secured a pro bono industry speaker from PT Pesta Pora Kulinari.

FACE IT – FILKOM, Universitas Brawijaya **6 Sep – 12 Sep 2026**

Liaison Officer (LO)

- Accompanied and assisted international participants throughout the event to ensure a smooth and welcoming experience.
- Served as the primary liaison between international participants and the organizing committee, facilitating clear communication and information exchange.
- Supported event operations by coordinating participant needs, activity schedules, and on-site arrangements.

Student Goverment Executive (SGE FILKOM UB) **Jan – dec 2025**

Staff of Social Equity and Environment

- Vice Project Lead, EnviroACT (Jun – Sep 2025): Coordinated river clean-ups and a campus Waste Bank (Bank Sampah) program in partnership with Dinas Lingkungan Hidup Kota Malang.
- Researched and raised awareness for critical environmental issues through strategic campus-wide campaigns and community action.
- Worked with cross-functional teams to ensure social equity was integrated into all environmental and conservation projects.
- Managed strategic collaborations with external partners and organizations to expand the reach and impact of environmental initiatives.

Donor Darah FILKOM UB **June 2025 – Sep 2025**

Treasurer

- Monitored and recorded all income and expenditures using Microsoft Excel to maintain transparent and organized financial reporting.
- Coordinated with the project lead and department heads to align budget planning with event requirements and logistical needs.
- Managed the end-to-end financial operations for the blood donation program, ensuring accurate budgeting and fund allocation for all event activities.

ACHIEVEMENTS

- Finalist, Techcomfest 2026 – UI/UX Design Competition
